This Friday, EPA's Regional Administrator will be conducting a site visit at Malibu High School. He will also be meeting with representatives from Malibu Unities and surrounding community members. In talking with Steve Armann and from Jorine's note below there will be a good representation of field staff from elected officials.

I was planning to attend, if you do not have any objections. We are scheduled to have a meeting on the PEA Workplan next Thursday, June 28th. We met with Malibu Unites consultant and Jennifer deNicola on Monday and had a very productive meeting.
